Rubber Springs

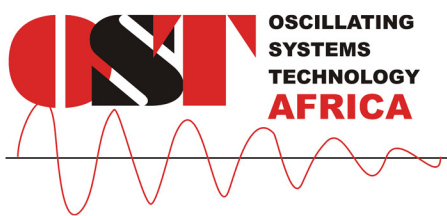

# Motor Bases

Our range of OST motor bases includes a number of sizes to suit common motors used on vibrating equipment. These robust mounting solutions feature an internal torsional spring and adjustability for optimal belt tensioning and alignment. Their heavy-duty construction ensures reliable operation and minimal maintenance.

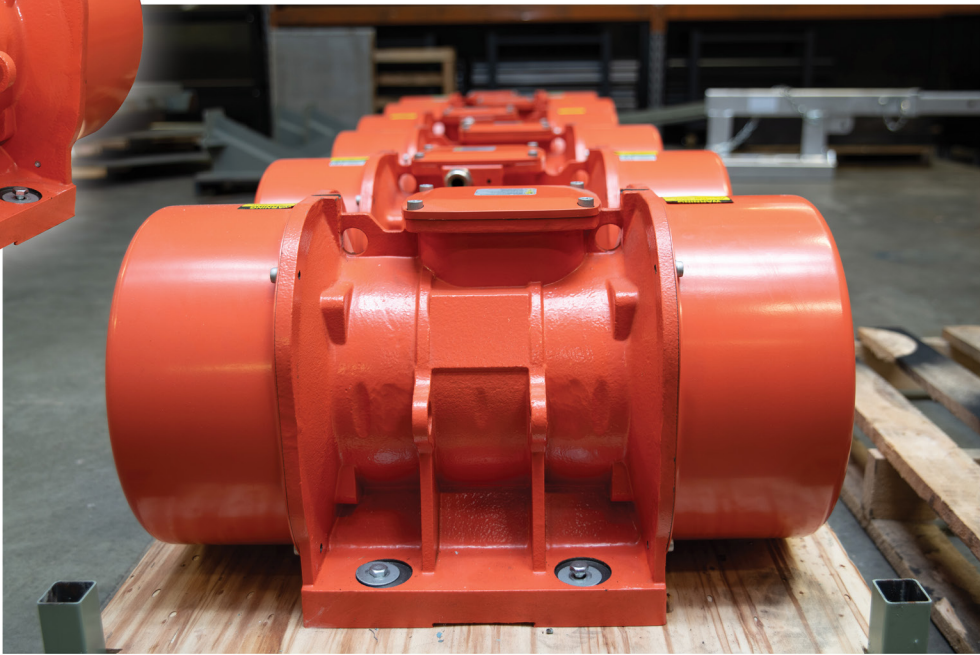

Parts Available:	Frame Size	Part Number:
MBA 213	132	MBA213BAS
MBA 223	160	MBA223BAS
MBA 233	180	MBA233BAS
MBA 253	200	MBA253BAS
MBA 263	225	MBA263BAS

# Vibrator Motors

ToThink is a distributor of Oli and Visam Vibrator Motors and specialise in their application and selection to optimise your operation. We can also assist with design and modification of equipment to enable conversion to Oli vibrator motors.

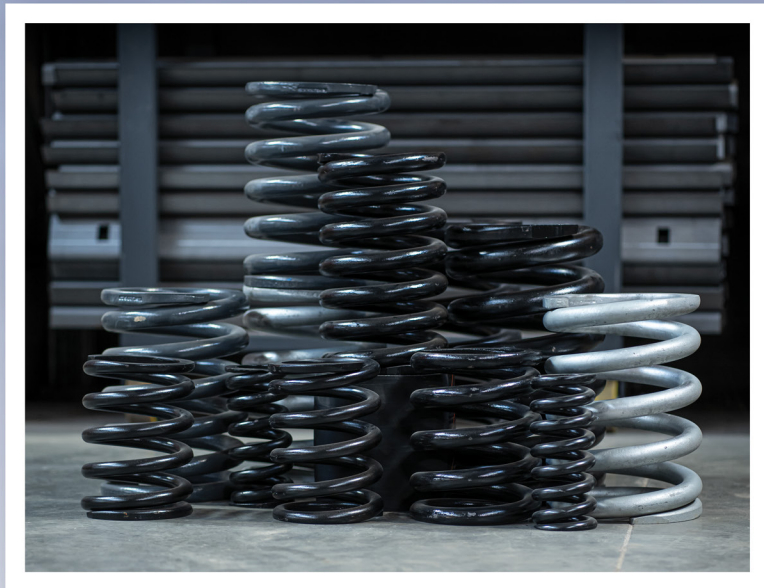

# Steel Coil Springs

We supply a range of standard coil springs that are used on common makes of vibrating screens. Expertise in spring combinations and placement results in informed recommendations for all types of spring solutions.

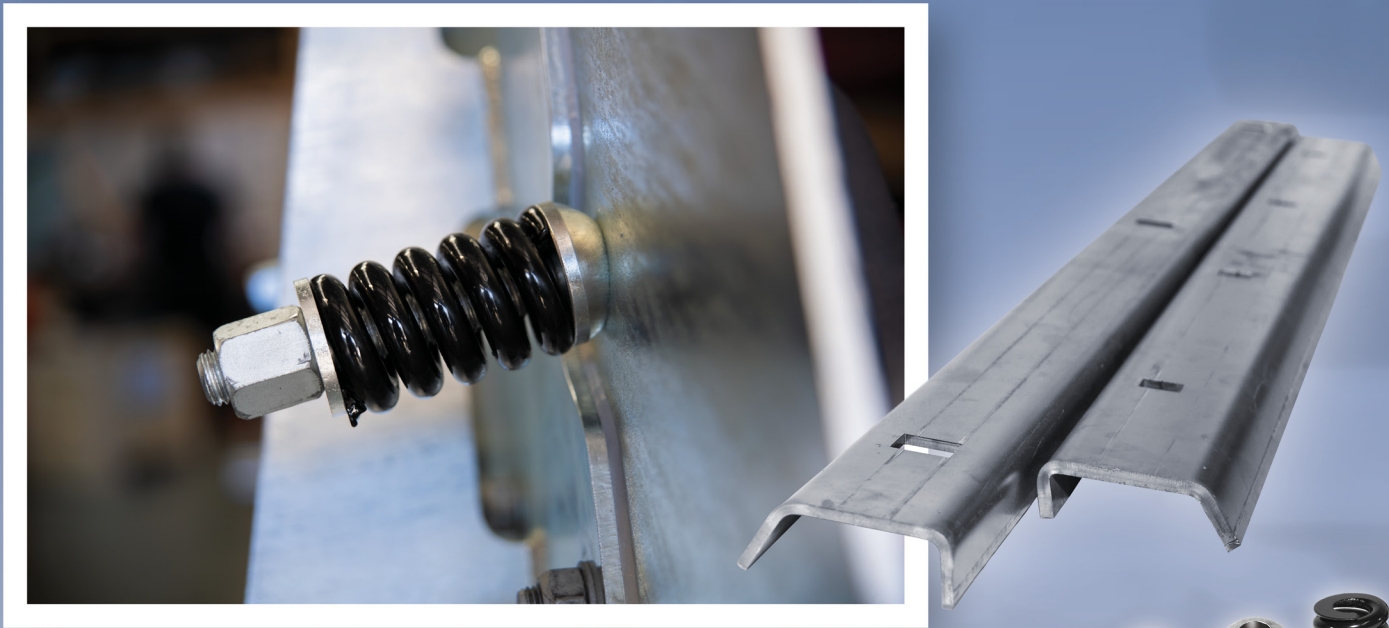

## Springs Available:

(Springs stocked for common screen models)

- SS36
- SS37
- SS32
- SS30
- SS23

# Mesh Tensioning Hardware

High-tensile zinc plated bolts and nuts, spherical washers and mesh tension springs are readily available from our warehouse. Various strainer bars/draw plates are also locally stocked for the reliable maintenance of screens.

## Parts Available:

- M16 Bolt x 140
- M20 Bolt x 150
- M20 Bolt x 200
- M20 Bolt x 260
- M20 Spherical Washer (also suits M16)
- Mesh Tension Spring
- Long Nut M16
- Long Nut M20
- Flat Washer M20
- Flat Washer M16
- Strainer Bar Jaques Style 1216 LG 3 Hole 6 TH
- Strainer Bar Cedarapids Style 1218 LG 4 Hole 8 TH

# Other Parts

Bearings  
Vee-Belts  
Pulleys  
Locking Elements  
Taper Lock Bushes  
Belt Tensioners
